I've hunted and/or guided hunts for bear, moose, whitetail, mule deer, elk, red stag, buffalo, African plains game, and many other species of native and exotic game from the Mexican border to Northern Saskatchewan. I've appeared on numerous TV shows and commercials on various hunting networks over the past 20 plus years. I am also a taxidermist, hunting guide, outfitter, wild game meat processor, I have my own line of outdoor products and hunting videos as well.
